

## North Norfolk District Council's Sustainable Construction Checklist

In order to demonstrate the requirements of Policy EN6 have been met, the following mandatory questions should be answered. Further information and advice can be found by referring to the relevant sections of the North Norfolk Design Guide indicated below. If you have any outstanding questions please contact the Sustainability Coordinator on 01263 516271.

**1. How does the development minimise energy consumption, compared to the current minimum standards required under Part L of the Building Regulations?**

*Please refer to section 11.1 of the North Norfolk Design Guide*

**2. How does the development minimise resource consumption?**

*Please refer to section 11.2 of the North Norfolk Design Guide*

**3. How is the development located and designed to withstand the longer term impacts of climate change?**

*Please refer to section 11.3 of the North Norfolk Design Guide*

**4. Does the development incorporate any renewable or low-carbon energy technologies?**

*Please refer to section 11.5 of the North Norfolk Design Guide*

**5. FOR NEW-BUILD DWELLINGS ONLY (i.e. not conversions):  
What is the predicted Code for Sustainable Homes rating, using the pre-assessment estimator tool, for each type of dwelling proposed?**

*Please refer to section 11.4 of the North Norfolk Design Guide*
